

TESTIMONIALS

“Salem Playback Theatre came to ‘break the ice’ on the first day of our High School Art Program. Not only did the students have a great time, but we learned a lot about each other. This is exactly what we hoped would happen! Students left that first day with smiles on their faces and talking with one another afterwards!”

Kathleen Dinges Rice, Salem Art Association

“I loved hearing my friend's stories and seeing the power of having them played back when Salem Playback Theatre performed at my birthday party. The troupe was wonderfully creative and fun and their show was the highlight of the night!”
